

# WSVMA

Report Generated: February 27, 2015

Created by: Greg Hanon / Communico

Today is the final day for bills to be passed out of fiscal committees. The various fiscal committees have been meeting all week to consider the hundreds of bills that passed out of multiple policy committees. As a result the reports this week do not reflect the total picture of the final results last evening or today (Friday).

I will update the reports next week to reflect the status of the various proposals.

March 1-11 will focus on floor action and on March 12 the bills that still are alive will move to the opposite House for consideration.

In addition any bills related to the budget remain active as well.
